 Fax: 1.800.765.4801 / 1.903.893.9576

YELLOW JACKET ISOLATION

Helps isolate piping from soil and eliminates cathodic protection and its maintenance. Constructed with durable, state of the art engineered polymers. Proven materials are resistant to fuels and corrosive materials resulting in extended service life. Designed to operate at 0 psi and fits most standard piping for UST and AST applications for easy installation.

Yellow Jacket Easy Fit Boot

- Easy to install on existing piping systems or new installations.
- If you can only take one boot to the job site, this is the one.
- It is available with the nylon velcro seal.
- With glue it provides a tight seal to keep soil out!
- Yellow Jacket material meets UL-224 .
- Available in 30", 25 ft. and 50 ft. lengths.
